RANGE

From Lynx Premium and Lynx Basic LED strips to a variety of **profiles, sensors and converters**, you have a full range of solutions available to meet the needs of every project.

With CE certification and integrated protection measures, each Emuca device guarantees safety and compliance with European regulations, providing quality and confidence for your projects.

ASSEMBLY

Mounting Lynx LED strips is easy and precise. We offer compatible aluminum profiles for **innovative aesthetics**, along with a wide range of sensors to customize luminaire activation.

Our lighting products have a **very easy installation** to carry out even by inexperienced users, thanks to the assembly with Plug&Play systems.

PLACARD

Sliding doors with **bottom sliding system**

The Placard system is designed to adapt to a wide **variety of closet door materials and dimensions**, allowing the combination of several different panels on the same door.

In addition, it incorporates the "**slowmove**" braking device, guaranteeing smooth opening and closing of the doors to offer the best experience to customers. The closing device **has greater retention power thanks to its hydraulic piston**, which thus achieves progressive and precise closing.

Runners that
adapt to all
your projects

A wide variety of drawer runners made of steel, which stand out for their quality and superior performance.

They stand out for their smooth and silent sliding using rollers, and the total extraction runners have an **internal synchronisation system**.

In addition, simplicity of installation and a very wide range of drawer depths

KNOW MORE

The background is a solid green color with several large, white, organic, wavy shapes that resemble liquid droplets or cells. These shapes are scattered across the frame, with one large shape in the upper left, another in the upper right, and a large, irregular shape in the lower left and center. The word "NEWS" is centered in the middle of the image, overlapping the white shapes.

NEWS

NEW CONCEPTA 3

The ideal solution for open spaces

The Concepta 3 is a **concealed sliding door system** that makes it easy to hide the door in a small space on the side, creating an elegant and versatile space.

This new system offers a much more **direct and faster assembly** thanks to its **pre-assembled components**.

It offers two versions depending on the desired load **capacity from 25 to 35 kg**.

In addition, there is a choice of push-to-open or pull-to-open functionality, both of which offer **smooth and fluid sliding**.

Glass drawers

Imagine being able to view the contents of your drawers without having to open them. The latest trend in drawers are glass fronts and sides, becoming outstanding accessories for **kitchens or high-end cabinets**.

They are compatible with Vertex drawer kits that offer metal and glass sides in heights of 93, 131 and 178 mm.

Without a doubt, offering this option to your clients marks a level of **differentiation in any project**. Furthermore, this aluminum profile comes with a length suitable for mounting drawers with module widths of up to 1.200 mm.

CURRENT EVENTS

CURRENT EVENTS

kbb

3-6 March 2024
NEC Birmingham

On 3rd March was the KBB fair in Birmingham, one of the largest fairs in the hardware and furniture accessory sector in the United Kingdom, where retailers, real estate developers, interior designers,

architects and construction specifiers gathered. We were able to see the latest trends in designs, innovative solutions and products for kitchens, bedrooms and bathrooms.

EXPAND THE INFORMATION

CURRENT EVENTS

At the beginning of April the Medwood fair took place in Athens, Greece.

An international exhibition of wood products, materials and technology.

It was a good opportunity to talk to the Greek market about trends, materials and technology related to furniture design.

We had the opportunity to be present at the stand of our client Giykos, which exhibited, among other products, the new **gold finish of the Placard 74**, the **Flow 2** system and our **Zero** modular structure with closet applications.
