They enhance the personality of your furniture.

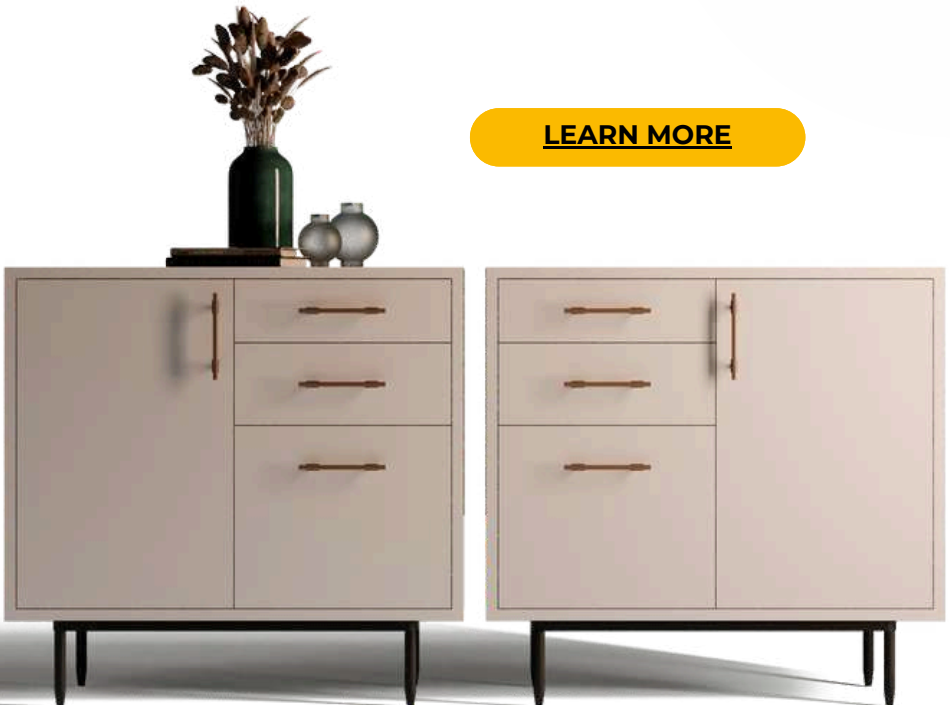

Enhance each furniture item with the appropriate personality using handles, whether modern, traditional, or subtly with knobs.

A handle has the power to entirely revamp the environment, bringing a modern touch to your furniture through distinctive details. Customize your spaces with handles!

Furthermore, diverse dimensions enable the furniture to adjust seamlessly to the given space, fulfilling the client's requirements for both functionality and aesthetics.

[LEARN MORE](#)

MODERN

Contemporary firearms can serve as a valuable asset to you.

Enhancing its straight and distinct lines, in finishes like **chrome, satin nickel, titanium, black, or gold**, these handles are not just elegant and timeless but are specifically crafted to complement contemporary furniture.

VINTAGE

If you seek to design items in **rustic, classic**, or colonial styles, these handles in gold, titanium, or black finishes are currently in vogue as they enable you to craft more refined and opulent spaces while upholding the **traditional aesthetic**.

The elegant contrast formed by the vintage handles, along with other elements of the same material like taps or lamps, contributes to achieving a harmonious and visually striking decoration, enhancing the quality and design of the furniture.

A highly comprehensive sliding system

It offers various features that streamline professionals' work:

1. **Quality and Price:** They provide a high-quality product at a reasonable price, ensuring an excellent value proposition.
2. **European manufacture:** The profiles produced in Spain ensure proper thicknesses and designs, offering door durability.
3. **Ø50 Carriage:** Offers superior sliding and smooth operation, enhancing user satisfaction.
4. **Component Compatibility:** The slowmove wheels and device are compatible with any door thickness, simplifying logistics and assembly.
5. **Assembly Simplicity:** No machining necessary, streamlining the installation process and saving time and effort in comparison to alternative systems.
6. **Material Versatility:** The innovative approach for glass doors utilises identical hardware and handles as wooden doors, enabling the integration of both door types in a single cabinet, streamlining inventory and order management.

These characteristics guarantee a **high-quality, easy-to-install product**, while also providing flexibility and efficiency, essential components for furniture production.

SIMPLEX DRAWER

The **ultra-slim drawer**
for all settings.

[LEARN MORE](#)

SIMPLEX DRAWER

- **Designed with ultra-thin steel sides**, this product features a versatile and lightweight design suitable for various environments, known for its adaptability and minimalist look.
- **Compatibility and load capacity:** It is compatible with various Emuca concealed tracks, supporting loads ranging from 25 to 30 kg, and certified for up to 100,000 cycles to ensure durability.
- **Closing and railing options:** Provides soft closing or push-to-open features, enabling the attachment of rails to increase side height and strengthen high fronts.
- **Straightforward assembly:** No machining on the boards is needed, only a straight cut, enabling horizontal and vertical adjustment of the front for easy installation.
- **Available in three rib heights** (88, 122, and 159 mm) and five depths (290, 340, 390, 440, and 490 mm), the product comes in white and anthracite gray finishes, offering a diverse range of sizes and finishes.
- **Packaging and upcoming options:** The packaging includes 10 sets per box containing all essential components and will soon be accessible in individual kit form, offering increased flexibility.

Consumers pay a premium for **enhanced features.**

Soft closing hinges are an excellent addition to any furniture, benefiting both manufacturers and end users.

[LEARN MORE](#)

Enhancing the perceived quality of furniture, **increasing its value and durability** through soft and silent closing mechanisms that prevent damage from sudden impacts, results in reduced wear, extended furniture lifespan, heightened customer satisfaction, and decreased failure claims.

Consumers are willing to pay a premium for features that enhance functionality and user experience, thereby boosting product value and manufacturer profits. In essence, these hinges enhance furniture functionality, durability, and value, providing a substantial competitive edge.

The background is a solid green color with several large, white, organic, wavy shapes that resemble liquid droplets or cells. These shapes are scattered across the frame, creating a dynamic and modern aesthetic.

NEWS

Universal Cutlery tray

Flexible, efficient, and cost-effective solution.

Versatile cutlery organizers for kitchen drawers provide a range that accommodates any drawer size.

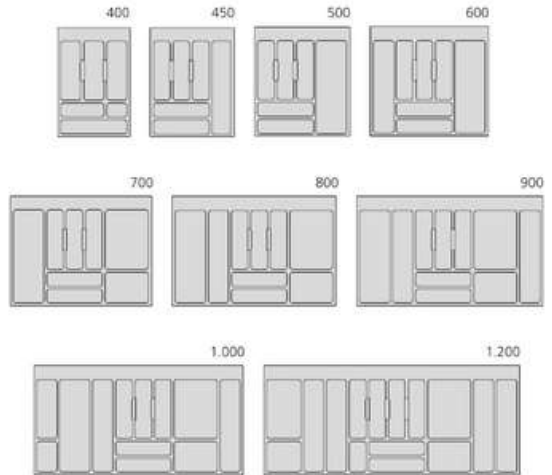

With a sleek design and ample storage capacity, it maximises space for any utensil. These cutlery organisers are a perfect solution for kitchen manufacturers, addressing various common issues:
